

# NAME DR. SPRAGUE MEDICAL OFFICER OF VETS' BUREAU

Will Devote Entire Time to  
Work in This District;  
Locals Doctors Aid.

Dr. John S. Sprague has been appointed sub-district medical officer of the Veterans' bureau for South Bend and will devote his entire time to the work in accordance with the recent amalgamation of the federal bureau for vocational training with the bureau of war risk insurance. Dr. H. F. Mitchell, heretofore in charge of examination of former service men for vocational training found it inadvisable to give up his long standing medical practice to devote his entire time to the work but will continue as consulting internist of the bureau. Dr. E. G. Nelson will devote his entire time as special examiner of the Veterans' bureau.

Other South Bend physicians who will act as consulting specialists in cooperation with Dr. Sprague are: Dr. Nelson are Dr. J. A. Duggan, special chest examiner, Dr. St. Clair Darden, special tuberculosis examiner, Dr. C. E. Savery, consulting oculist, Dr. E. J. Lent, consulting aurist, Dr. F. R. Clapp, consulting surgeon, Dr. R. H. Brown, consulting gynecologist, Dr. J. A. Maloney, consulting X-ray examiner.

There are 5,600 discharged soldiers in South Bend and it is stated by officials in charge of the Veterans' bureau that fully 75 per cent of the troubles brought to their attention by discharged service men cannot be truly traced to war service. To this fact is attributed the increasing rigidity of governmental regulation which it is said will become even more strict as time goes on as that service men whose condition is not beyond a question of doubt, attributable to military service, may be prevented from imposing upon Uncle Sam. South Bend is one of three sub-district medical offices of district No. 7 in Indiana. The other two are at Indianapolis and Evansville. Men are now routed here by letter from Cincinnati telling them to report for examination. At the same time the local office is advised of their intention.

Dr. Sprague's appointment was effective July 13 but the work under the heading of the Veterans' bureau has only recently been put in effect. The object of the government is to close up a number of the outside offices and manage them centrally in the work in Indiana, Ohio and Kentucky. The local office will take care of northern Indiana cases.

## Carey Fined For Driving Car While Intoxicated

For driving his automobile while intoxicated on Lincoln Way E., Monday evening when his Studebaker touring car which he was driving ran into a Ford truck driven by Julius Gilbert, manager of the Indiana Roofing Co., Barney B. Carey was fined \$50 and costs by Judge George W. Omacht in city court Tuesday.

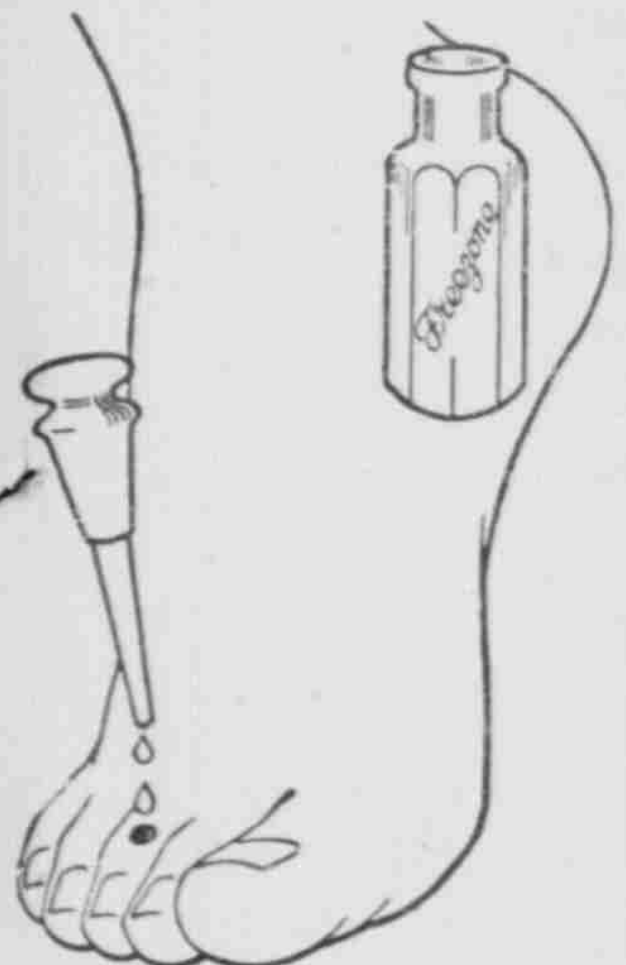

According to Gilbert, Carey's car was following him, going east on Lincoln way, when Gilbert gave the sign to turn south on Leer st. Carey, going at a fast speed, it is said, did not stop his car before it had collided with the truck. Both men escaped injury but the cars suffered some damages.

Carey lives at 115 N. Main st.

Wounds may heal, but not those that are made by ill words.

# YOUNG LIVES ARE SAVED, DISPENSARY SERVICE EFFECTIVE

Everyone has a good word to say for the Children's Dispensary except an undertaker who complains that business has fallen off to an alarming degree since this splendid work started.

With the added equipment for service, the dispensary has been able to increase the work which it has done in former years.

Each afternoon from 1 to 2 o'clock a children's clinic is held, and medical attention given. All sorts of operations are performed making crippled children well and normal. Blood poisoning is prevented by immediate and careful attention to bruises, cuts and bumps.

Possibly the most important work is the feeding of the under-nourished children of the city. Babies who are unable to have the proper nourishment at home are given pure milk and food which brings them back to normal and saves them from tuberculosis or other diseases and possibly death. Some days as high as 22 children attend these clinics, but the average for this year has been around 10 or 12.

Six weeks ago a little girl three months old was brought to the dispensary. The child weighed only four and one-half pounds and was slowly dying because of lack of nourishing food. The mother did not have any idea what ailed the child. Careful attention and good food saved this little girl's life and now she is perfectly normal.

Not only does this institution administer medical aid, but conducts sewing classes to teach the young girls to be helpful. It also has a free circulating library.

People have come to depend on this work. This winter there will be more demands for activity of this kind than ever before and the Children's Dispensary is making provision to take care of this need. The dispensary is one of the organizations to benefit by the charity drive of the Federation for Social Service, the last week in October.

**WARNS AGAINST KLAN.**  
CEDAR RAPIDS, Ia., Sept. 27.—Grand Master Alberson of the Iowa Masonic grand lodge has issued a proclamation to the masons of the state in which, after stating that it had been intimated that the Ku Klux Klan was in effect an adjunct of free masonry, declared that affiliation with an organization like the Ku Klux Klan is unpatriotic, has warned masons that it is in direct violation of the teachings and traditions of masonry.

# MEET TO DISCUSS JOBLESS SITUATION

Civic and Social Organizations  
to Centralize Efforts to  
Solve Problem.

Representatives of various civic and social organizations met Tuesday at the Chamber of Commerce with a view to devising ways and means of centralizing efforts toward a solution of a prospective unemployment situation during the approaching winter months. Procuring of jobs for men out of work and establishment of communication with people in need of additional workers was the basis of the discussion.

Another meeting will be held at 8 a. m. Wednesday when the heads of industrial plants of South Bend will present their angle of the situation and tell how extensive unemployment is likely to be in the city during the winter.

Wednesday night at 7:30 city officials will tell the various civic and social organizations what municipal and public utility facilities will be at their command as sources of aid in solving the problem of no work. Organizations represented at this morning's session were the American Legion, Chamber of Commerce, Federation for Social Service, Salvation Army, (Rescue Mission), Associated Charities, Red Cross, Y. M. C. A. and Y. W. C. A.

## MAY ATTEND PARLEY.

LONDON, Sept. 27.—There was a complete reversal today of reports concerning the possible attendance of Premier Lloyd George at the Washington conference. It has previously been made known that neither the premier nor Marquis Curzon, the foreign secretary, would go to Washington, but today the opinion was circulated in Whitehall that one or both may attend.

Employer Says Newton Stole Visitor's Hat;  
Court Continues Case

Charged by his employer, John J. Detzler, of the Super-Tread Tire Co., of stealing a hat belonging to a visitor to the factory Monday, Lyle Newton, formerly of Berrien Springs, Mich., was released under the custody of Probation Officer Lane until the court can hear from Newton's parents and wife, who, he claimed, were living in the Michigan city.

The case was continued until Wednesday to permit Newton's folks to appear before the court and give an account of the young man. Detzler, the complaining witness, told the court that Newton's record during the past three months as an employee, was good, previous to the theft of the hat.

PAY WAR DEBTS, BRITAIN URGES

LONDON, Sept. 27.—The British government is opposed to any discussion of the cancellation of the allies war debts to the United States at the Washington conference. This information was obtained from an official source this afternoon.

It was explained in official quarters that British officials fear that discussion of debt cancellation would create a bad impression in the United States. British officials seem to believe that a majority of the members of President Harding's cabinet favor consideration of the international debt question, but say they recognize that "popular opinion in America is opposed to any movement towards the repudiation of the debts."
